Linguistic Field(s): General Linguistics

Call Deadline:

For paper and poster: Jan. 15th, 2023 (11:59 PM CST = UTC -6)

Meeting Description:

The Humor Research Conference is an online student-organized international multidisciplinary all-plenary event dedicated to the study of humor in all its facets. The 13th annual Humor Research Conference (HRC) 2023 will be live-broadcast on the web (March 31st - April 1st). All submissions about any topic related to humor studies, including and not limited to literary studies, psychology, folklore, sociology, computer science, and linguistics, are welcome.

Call for Papers:

There are three types of presentations:

- 1- Full papers (a standard 20-minute presentation, plus 5 minutes Q/A) presented live;
- 2- Posters: (Recorded maximum 15-minute presentations, uploaded to the conference web site by organizers a week before the conference: Students (or other scholars) may submit "e-poster" abstracts for the poster session, which will take place online. E-posters will be available online the day before the conference and presenters will have a 5-10 minute Q&A slot during the conference, in which attendees may ask questions or provide suggestions. E-posters consist of a maximum of 10 "slides" in .ppt or .pdf format and will be posted on the conference website.
- 3- Workshops (90 minutes)

Submission:

Abstract for general submission (up to 250 words; plus 1 extra page for images, references, etc.); indicate if paper (20m + Q/A) or poster. Be sure to provide a title.

Any topic in humor research is welcome, including, and not restricted to, literary studies, psychology, sociology, anthropology, and linguistics.

Submission Email: HRC@tamuc.edu
