Reference: STAR Services

Greetings

The staff at North Texas Youth Connection would like the opportunity to introduce you to the services our agency offers. North Texas Youth Connection offers three services, Community Outreach/The SafePlace Program, Shelter for runaway and homeless youth, and the STAR Program (Services to at Risk Youth).

The STAR program is a free family based crisis intervention counseling service funded by the State of Texas. We offer a 24 hour crisis hotline and counseling in ten (10) counties, with Hunt being one of our largest offices.

We are actively scheduling appointments in Hunt County with Professional Counselors to give an overview of the STAR Program and to explore your interest in working with our clients. North Texas Youth Connection subcontracts with Licensed Professionals in the community to be served.

If you would be interested please contact me so we can schedule an appointment to discuss the program. We know how valuable your time is so if we could just visit long enough to give you the information we would greatly appreciate it. We are very committed to Hunt County and would love the opportunity to have you as part of the team.

My contact information is as follows:

Phone: 800-568-7776

Email: gcjabfinnell@cableone.net

Respectfully yours,

Bettye Finnell
Executive Director
