

Student Transition and Support

A&M-COMMERCE

There is more to college than how well you perform in the classroom. The Student Transition and Support department assists first-year students through a variety of ways which are designed to help students get connected to TAMUC and create a pathway for their success.

College Life Coaching

Offer guidance on time management, study strategies, and decision-making, helping students navigate the challenges of college life with confidence and resilience while easing the transition from High School to College.

Peer Mentoring

A valuable network of support from upperclassmen, where experienced students lend a helping hand to incoming students by offering insights into campus life, sharing academic tips, and supporting students alongside the College Life Coaches.

Connection to Campus Resources

Connecting students with a wide range of services, from academic assistance to career guidance. Our office creates a supportive environment for personal and academic growth.

Strategies for Student Success

College life may present challenges, but our students don't face them alone. We are here to guide and support them on their journey to success, whether it's excelling in coursework, mastering time management, or defining their career objectives. Our support system is dedicated to empowering every student.
