BAYLOR UNIVERSITY

Baylor University seeks an experienced professional to become an **Associate Registrar for Business Analysis** in the **Office of the Registrar**. This position supports the mission of the university by sharing leadership responsibility for the Office of the Registrar and by focusing on moving the office forward in improving efficiency and service through process improvement/simplification, and by leveraging technology. This includes:

- collecting and documenting current processes,
- generating and analyzing data to support process improvement and simplification,
- serving as a project manager for the implementation of new processes and solutions,
- serving as a functional resource for Ellucian Banner Student and other systems,
- serving as a liaison with Information Technology Services.

Qualifications

A master's degree, three years of relevant work experience, and Christian faith are required. A successful candidate must have the ability to manage multiple projects, analyze and develop process improvements, communicate effectively, and have experience/education with information systems (e.g. Ellucian Banner). The preferred candidate will possess five years of relevant work experience and have experience with reporting through Crystal, SAS, and/or SQL.

To Apply

You may review the full position description at Associate Registrar for Business Analysis, and an on-line application may be submitted at https://jobs.baylor.edu, along with a cover letter and resume. For full consideration, application materials should be submitted no later than April 18, 2017; however, the review of materials will continue until the position is filled.
