SUBJECT: Digital Learning Clearinghouse (DLTX) – Stakeholder Feedback

Colleagues,

The Division of Digital Learning at the Texas Higher Education Coordinating Board is currently engaged in the creation of a Digital Learning Clearinghouse (DLTX), a website offering resources, programs, and services to drive digital success. On June 22, you received a request from Assistant Commissioner Michelle Singh asking for faculty volunteers to share their stories. We want to ensure that your campus perspective is included in shaping the DLTX Clearinghouse. I ask that you forward this message to your academic faculty and encourage them to complete the [participant interest form](#) by June 30th.

We look forward to collaborating with you. If you have any questions, please contact Kylah Torre, Program Officer, Digital Learning, at digitallearning@highered.texas.gov.
